

McKkr's and Hunter TAFE in Partnership

The partners declare their support for the social and economic growth of India by meeting the increasing skill gaps in the industry through well-crafted, industry specific, vocational education.

Those who sign the below also support the vision of developing TAFE Training to make an effective and recognisable contribution in vocational education by developing practical skills, workplace ethics and professionalism, and thereby increasing workplace productivity across industries in India.

Such cooperation and commitment is now given by the signatories who agree to promote this partnership within their organisations, to their broader stakeholders and to those who can add value to the development of skills in India.

On this day: 3 March 2016

Jason Darney
Director, Business & Creative Industries
Hunter TAFE

Praveen Goyal
